

QuickBOND Adhesive Solutions

High-Performance Adhesive Solutions for EPDM Rubber Roofing

Get stuck into your flat roofing installations with QuickBond, Plytech's specialised adhesive range tailored for EPDM rubber roofing. Whether you opt for the water-based bonding adhesive or the contact adhesive, QuickBond ensures efficient, durable, and secure bonds, simplifying your installation process.

QuickBond WBA

QuickBond Water-Based Bonding Adhesive, specifically designed for the main field area of the flat roofing, provides high-strength and quick adhesion with easy application, surpassing other market brands in testing.

QuickBond CA

For the perimeter and upstanding areas, QuickBond Contact Adhesive is the go-to choice to ensure a fast bond. Available in roll/brush format or convenient spray format, QuickBond Contact Adhesive provides flexibility in application.

QuickBOND
Advanced flat roofing adhesives

Specifically designed for flat roofing applications, QuickBOND is available in a variety of sizes to suit your requirements.

QuickBond WBA is available in five sizes:

- 15L (coverage up to 60m²)
- 10L (coverage up to 40m²)
- 5L (coverage up to 20m²)
- 2.5L (coverage up to 10m²)
- 1L (coverage up to 3.5m²)

QuickBond WBA is user-friendly, versatile, and ideal for bonding EPDM rubber membrane to wooden substrates.

QuickBond CA provides an instant bond and comes in five practical sizes:

- 5L (coverage up to 15m²)
- 2.5L (coverage up to 7.5m²)
- 1L (coverage up to 3m²)
- 750ml (spray - coverage up to 3m²)
- 22L (spray - coverage up to 80m²)
